"Freeflow is one of the hardest working bands in the country. We have dealt with them many times during the NewMusicWest festival, and we would jump at the chance to work with them again. They always bring out a great crowd ready to dance and party to their amazing grooves."

- Micah Groberman NewMusicWest Festival Producer

I have represented many artists over the last 10 years and never have I felt so strongly about a band. I have no doubt that FreeFlow will do very well globally. You can't go wrong with strong songs which they most certainly have.

"Freeflow's performances were an absolute success at the Vancouver Island Musicfest and a great bunch of guys to work with!"

Doug Cox Artistic Director

"As one of the mainstage featured acts at the 2nd Annual Bonfire Music Festival, Vancouver's FREEFLOW more than lived up to the hype that came with them. They exceeded all expectations... bringing a fresh, original & energetic mix of funk, soul & hip-hop to a very receptive & appreciative crowd. Freeflow will definitely be on the radar for a return visit when we're looking for top quality live acts in the future!"

Keith Duggan Bonfire Music & Events Inc.

" Freeflow performed at our 2005 Prince George Folkfest. They performed an evening mainstage spot and were very well received by the all ages audience. They interacted with the crowd, were high energy and much appreciated. Jason Evans, lead vocalist, but as the business contact was easy to work with, open to suggestions and professional in his dealings. Their music is riveting, mixes a variety of genres and is unpredictable in a good way. Highly recommend them."

Jo Beattie Artistic Director

"They play music that is familiar, with elements of soul, hip hop, ska and electronica in every song, and at the same time create something that is wholly original. They're tight, but there's still wiggle room to create and improvise, part of the reason why they're such a popular live act."
