

Heidi McCurdy - Bookings

Do you have an event you'd like to have Heidi perform at? Below is a list of her current bands that are available for various occasions.

Urban Tribe

Hip and funky, Heidi's main backing band presents her jazzy pop originals, as well as a smooth soul and dance/funk repertoire that includes songs by India Arie, Erykah Badu, and Stevie Wonder. Urban Tribe is often called upon to provide a mellow jazz "dinner" set and work up to a full-on dance party.

Jazz Ensemble - The Spellbinders

Swinging the mood with the city's most coveted jazz musicians, Heidi can put together anywhere from a duo to a quintet. Together they perform fresh stylings of classic and contemporary jazz and blues songs.

Bittersweet

Named after a Me'Shell tune, Bittersweet is all about laid-back jazzy soul with serious groove. This band is the rhythm section from Famous Players with Heidi on lead vocals. Repertoire includes D'Angelo, Jill Scott and Brand New Heavies.

VocoLoco

Primal world rhythms, ethereal harmonies, spontaneous spoken word...you never know what wild surprises you're going to get with this improvised vocal ensemble. With accomplished singers Laurel Murphy and Sara Marrieros, and other special guests.

Christmas Music:

Ambrosia - Semi-traditional caroling trio with Steve Gidora (Wheat in the Barley) and Kristin Lindell. Medieval costumes included!

Jazz Christmas – Heidi sings with guitarist Daryl Jahnke and his exquisite jazz renditions of timeless holiday songs.
